Normal Operations	Normal Operations	Normal Operations	Normal Operations

Cal OES COASTAL REGION

· Nothing significant to report.

Cal OES INLAND REGION

· Nothing significant to report.

Cal OES SOUTHERN REGION

Virulent Newcastle Disease (vND) in Chickens, Los Angeles and San Bernardino Counties

The California Department of Food and Agriculture (CDFA) has detected virulent Newcastle Disease (vND) in chickens in Los Angeles and San Bernardino Counties.

- CDFA and the U.S. Department of Agriculture (USDA) are scaling up their response to this incident, as more cases have been detected.
- CDFA has confirmed that there are no commercial premises currently involved.
- CDFA has confirmed there is no public health risk due to this virus.
- Cal OES Southern Region is assisting CDFA in identifying a facility to expand operations, as the current Incident Command Post (ICP) is too small for the current number of responders and supplies.

Activations

• San Bernardino Operational Area (OA) Emergency Operations Center (EOC) is activated to Level 3 (lowest level) and will monitor the incident through the holiday weekend.

Deployment

- 1 Cal OES Southern Region Senior Emergency Services Coordinator (Sr. ESC) has deployed to the CDFA/USDA ICP as an Agency Representative (AREP), with an operational period of 0700-1900 hours.
- 1 Cal OES Logistics Section Chief has deployed to the CDFA/USDA ICP, with an operational period of 0700-1900 hours.

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

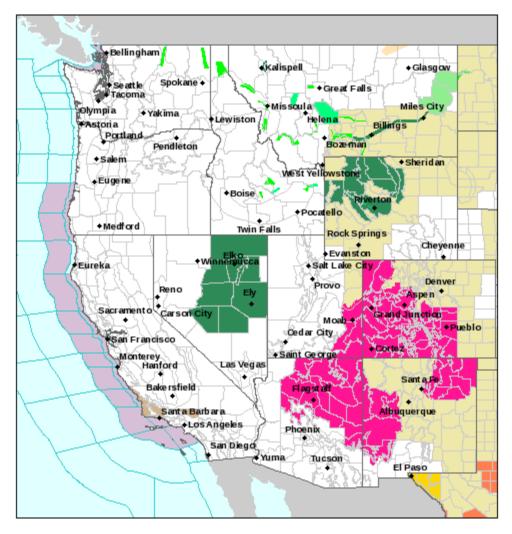

Scattered showers and isolated thunderstorms this evening across the area. Afternoon and evening thunderstorms possible mainly over higher terrain into next week. Cooler than normal temperatures continue across most of the region through Saturday, warming to well above normal for early next week.

SOUTHERN CALIFORNIA

Low pressure over the region will bring a slight chance of showers to some areas this morning, then it will become partly cloudy. Gusty winds will affect portions of the region through tonight. There will be areas of night through morning clouds and fog west of the mountains tonight through next week. A warming trend is expected Sunday through Tuesday, with high temperatures rising to above normal levels. A cooling trend will occur Wednesday through Friday.
